ALLOWANCE

1. Claims 1-20 are allowed.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance:

With respect to independent claims 1, 6, 14, 16, 19, and 20, none of the prior art records teach or suggest in combination of all of the limitations being claimed in claims 1, 6, 14, 16, 19, and 20. Therefore, the claims set forth and their corresponding dependent claims are allowable.

With respect to claim 12, Yanai et al. discloses a method of extracting a volume pair having at least one different identifier of an adapter of a first volume (col. 17, lines 10-14), wherein the first volume is a copy source or a copy destination.

Yanai et al. and prior art records fail to teach a volume pair list, wherein the volume pair list is using to register one or more of the identifiers of the first volume and registers one or more of the identifiers of the adapter, and wherein each of the volume pairs is a remote copy target in the disk controller. With the reason set forth, claim 12 is allowable.

With respect to claims 13 and 15, Applicant's argument was persuasive and none of the prior art records teach in combination of all of the steps being claimed in claims 13 and 15. Therefore, claims 13 and 15 are allowable.

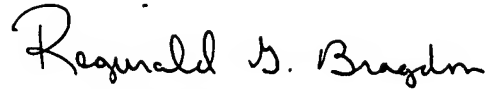

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
